CARY PHOTOGRAPHIC ARTISTS
Founded 2007 in Cary, North Carolina

SHARING**

The Cary Photographic Artists club was founded in 2007 for all levels of photographer from novice to the professional.

We have established a forum in which individuals with an interest in the art of photography may share their photographic experiences and enhance their techniques through monthly educational programs, presentations and peer critiques.

We meet the 1st and 3rd Thursday of every month at the Cary Arts Center. You do not have to be a Cary resident to join and all meetings and programs are free and open to the public.

The Cary Photographic Artists (CPA) is a dynamic member of the Town of Cary Arts community. We are over 100 strong and firmly believe in the art that photography has become.

We hold several member exhibitions during the year to increase our public awareness and offer our members exposure for their craft.

We sponsor an open juried photography exhibition every year that covers the triangle area.

We also have club outings and photo shoots which in many cases follow a presentation on a specific area of photographic interest.

Our club supports Fellowship House Health Resources Inc. of Cary as part of our Outreach program and we are proud to be an active part of the Juvenile Diabetes Research Foundation of Raleigh by providing funds for the photographic processing of the poster children.

We are a non-profit, all-volunteer organization that is always looking for new ideas and suggestions. If any of the following activities or programs are in your area of interest or expertise, we'd like to hear from you.
